Step-By-Step Directions

1. Take a piece of Cherry Cobbler Card Stock 8 ½" x 2" and score at 4 ¼". Line up on the smaller tag in the Two Tags Die with the fold line toward the top but DO NOT let the fold line of your card stock pass the cut line of the die. You want your fold line in tact. This will cut off the top of the shape – but that's fine.
2. Take your 5" x 2" Cherry Cobbler Card Stock and line up over the same tag. This time, make certain that the card stock completely covers the tag so you will get a full shape. Next, emboss the tag using the Vintage Wallpaper Embossing Folder and your Big Shot.
3. Using Glue Dots, put two magnets on the front of the tag – about 1 ½" apart as shown in the video. Open the tag and use two more magnets to naturally attach INSIDE to the magnets on the OUTSIDE. (This is for placement.) While still attached, apply a Glue Dot to each of the magnets and close the bookmark. This will line up the magnets correctly. (IF you are using magnets that aren't very strong, you will need to apply both to the inside of the bookmark.)
4. Line back of the individual tag with sticky strip and adhere to the top of the folded tag – trapping the magnets in between. This will complete the full tag on the top of your project.
5. Take a scrap of Basic Black Card Stock and punch a Scallop Circle Punch. Using your 1 3/8" Circle Punch, punch out a piece of Silver Glimmer Card Stock and attach to the black scallop circle.
6. Swipe your Embossing Buddy over a piece of Whisper White card stock. Ink the initial from the Alphabet Set in Versamark Ink and stamp onto card stock. Sprinkle Black Embossing Powder over the

stamped image. Heat to emboss using your Stampin' Heat Tool. Punch out using a 1 ¼" Circle Punch. Apply 4 Stampin' Dimensionals to the back of the monogram and attach to the silver glimmer circle.

7. Using Glue Dots, adhere the monogram/glimmer/black card stocks to the front of the project. Embellish using 2 small Rhinestones.
