Cherry Cobbler card stock	1/2" x 3-5/8"	Framelits, Modern Mosaic Embossing
		Folder, Square Lattice Embossing
		Folder

### Step-By-Step Directions

1. Score 8-1/2" x 7-1/4" piece of Crumb Cake card stock in half. This will be the card (8-1/2" x 3-5/8" card which fits in a regular, business-size envelope).
2. **Front Cover:** Using large ornate framelit from Apothecary Accents Framelits and Big Shot, die cut (punch out) framelit on 8-1/2" (tall) x 3-5/8" (wide) Crumb Cake card stock to around 1/2" below top of card stock and centered between left and right sides creating window. Slip punched front cover (punched side at the top) into Modern Mosaic Embossing Folder. Run again through Big Shot. Make sure to bring top cutting plate just to edge of embossing folder when running through Big Shot. This will help keep unwanted score lines on front cover. **Note:** Only top of card to around 2/3 of way down from the top will be embossed. Leave remaining bottom of the card front un-embossed. Adhere 1/2" x 3-5/8" piece of Cherry Cobbler card stock centered in the middle of the 1" x 3-5/8" Chocolate Chip piece of card stock. Run through Big Shot with Square Lattice Embossing Folder. Then, adhere this piece right under where the Modern Mosaic Embossing stops. Stamp the word "Imagine" from the Loving Thoughts with Chocolate Chip ink. Put aside for now.
3. **Preparation of Vellum Pieces:** Each of the 3 pieces of vellum card stock will be stamped with a different color and a different stamp. So, for instance, on one of the pieces, stamp one of the stamp images from Mosaic Madness stamp set using only Chocolate Chip ink. Stamp randomly around piece. Then, the next piece, stamp a different stamp image from the Mosaic Madness stamp set using Cherry Cobbler ink. Again, stamping randomly around piece. Last, change to another stamp image and stamp the third piece of vellum card stock with Crumb Cake ink. **Note:** Be a little strategic in stamping each piece. You don't want it to be too busy but you want to see each stamp clearly and also have many of them overlapping. Allow to dry a little because our classic ink takes a little longer to dry on vellum. If you see that it's not drying fast enough, turn vellum piece over and blot ink by pressing piece down and rubbing onto a scrap piece of paper.

4. **Assembly of Front Cover Vellum Window:** Lay the 5-1/2" x 3-5/8" piece of White card stock on the table. Attach the 3 pieces of stamped, vellum card stock one on top of the other making sure that the White piece of card stock is on the bottom, the Chocolate Chip stamped piece of vellum is second, the Cherry Cobbler stamped piece of vellum is on top of the Chocolate Chip piece, and then the Crumb Cake stamped piece of vellum is on top of that. You can adhere them with Snail adhesive using little bits of adhesive all around the edges of each piece and then stack them on top of each other. Also, make sure that Snail adhesive is flush to each edge of each pieces. You don't want to see adhesive through the window.
  
5. **Assembly of Card:** Bring back the front cover (from Step 2) and turn it over (front side down on the table). Add little bits of Snail adhesive all around the window area and wherever you think the vellum stacked pieces will be adhering to. Turn the vellum stacked pieces over (white card stock now on top) and center it over the window. Add more Snail adhesive all around and attach the front cover to the card front.
