### **Step-By-Step Directions**

1. Start with a 12 x 12 piece of Strawberry Slush Card Stock. Cut one 1" x 12" strip, two 5" x 12" pieces.
2. Cut one of the 5" x 12" pieces at 6 ½" and set the smaller piece to the side. (This will leave you a 5" x 5 ½" scrap.) Cut the other 5" x 12" piece at 7 ½" and set the small piece to the side. (This will leave you a 5" x 4 ½" scrap.) Randomly stamp the butterfly from Papillion Potpourri in Strawberry Slush Ink onto all of your pieces.
3. Using the largest (scalloped) oval from the Oval Framelits, cut out a scalloped oval from the larger of the two scraps (5 ½" x 5"). Using the other scrap (4 ½" x 5") cut out an oval using the largest plain oval from the Oval Framelits.
4. Now, take the piece you cut at 6 ½" and the piece you cut at 7 ½" and adhere them together using Sticky Strip to make one long piece. Stamp the long piece with the small butterfly from Papillion Potpourri in Strawberry Slush Ink. Run a line of Sticky Strip along the bottom edge of your new long piece of card stock. Turn paper sideways and score it (long-ways) at ¼" which will be just at the top edge of the Sticky Strip. Then, add Sticky Strip to the end (short end) of the card stock.
5. Using your Paper Snips, cut little tabs into the Sticky Strip as shown in the Video. Remove the adhesive backing from all of the Sticky Strip pieces. Shape this piece into a tube being careful not to touch the bottom tabs to anything!
6. Gently squeeze the tube into an oval shape and adhere in place onto the large scalloped oval. Try to position your seams on the sides where the handle and spout will be placed. Take the plain oval you cut out with the Oval Framelits and adhere to the inside of the "Watering Can" using glue dots.

7. **Decorative Spout:** Using the matching scrap of card stock, cut two of the small tags from the (retired) Two Tags Die. (If you don't have the Two Tags Die, do the "Alternate Spout" Directions.) Take one of the tags and measure ¼" in from each side directly under the scallops. From the bottom right hand corner, measure up ¾" and make a little "tick" mark. Score at a diagonal down to the left hand corner from the tick mark to the opposite edge as shown in the video. Move the score line over to the ¼" mark on the Paper Trimmer and create a parallel score line below it. Using your paper snips, cut off the extra pieces on the bottom of the tag as shown in the video. On the second tag, score in ¼" from each side down the length of the tag and make a tick mark ¾" from the bottom as you did in the first tag. But, take your paper snips and CUT diagonally from the tick mark down to the opposite edge of the tag as shown in the video.

**Alternate Spout:** Use two pieces of matching card stock cut 1 ¾" x 3 ¼" All scoring measurements are the same as above. See "Alternate Spout" Video for instruction if desired.

8. Put sticky strip onto the tag as shown in the video and fold the side tabs inward and adhere one tag to the other by overlapping the sides. Tuck the diagonal tag on the bottom into the "box" you've created and adhere. Put a piece of sticky strip on the tiny bottom of the "box" and adhere to the front of the watering can as your spout.
9. Use your bone folder to curl one end of your 1" x 12" strip in one direction and the other end in the other direction. (Like an "S") Use adhesive to adhere this "handle" to the side of the watering can as shown in the video.
10. Embellish the front of the project by stamping two flowers from the Secret Garden Stamp Set in Strawberry Slush Ink onto a scrap of Whisper White Card Stock. Stamp the leaves from Secret Garden in Gumball Green Ink. Use a Blender Pen and Ink Pad to outline the flowers as shown in the video. Use the matching Secret Garden Framelits to cut out the leaves and flowers. Adhere them to the front of your project using Glue Dots.
11. Punch out two small butterflies using the Bitty Butterfly Punch and adhere 3 Rhinestone Basic Jewels to each one. Adhere the butterflies to the front of your project using Glue Dots.
12. Embellish the project by using a Two Way Glue Pen and Dazzling Diamonds Glitter.
