

<b>Cupcake Treat Box</b>		
<b>Materials</b>	<b>Dimensions</b>	<b>Accessories/Tools/Etc.</b>
Sweet Shop Designer Series Paper (purple)	(1) 2 ½” x 12”	(For bottom of cupcake “box”)
Sweet Shop Designer Series Paper (purple)	(1) 2 ½ x 10”	(For bottom of cupcake “box”)
Sweet Shop Designer Series Paper (purple)	(2) 2 ½” x 12”	(For top of “box”)
Calypso Coral card stock	(2) 2” x 11”	(For top of “box”)
Sweet Shop DSP (pool party)	(2) 1 ½” x 12”	(For top of “box”)
Wisteria Wonder card stock	(4) 2 ½” circles	
Wisteria Wonder card stock	Scraps	(Punch 3 small flowers)
Calypso Coral card stock	1 ¾” circle	
Pool Party card stock	1 ¼” circle	Punches: Boho Blossoms Punch,
Big Shot		Circles – 2 ½”, 1 ¾” & 1 ¼”
Designer Rosette Bigs XL Die		Adhesives: Tombow Liquid Glue,
Rhinestone Jewels		Mini Glue Dots
Cupcake Liner		

### **Step-By-Step Directions**

**Note: When cutting all rosettes for this project, the paper should be lined up along the outside edge of the die on the pointed side of the design, and should be centered on the cutting area.**

**Note: When using Tombo Mono Adhesive, you will have to hold your project in place for a minute or two until the glue sets up a little.**

1. Die cut the base of the cupcake using the Designer Rosette die and the two strips of Sweet Shop DSP measuring 2 ½” x 12” and 2 ½” x 10”. Acordion fold Tombow Liquid Adhesive. Attach the other ends of the strips in the same manner to form a loop. Set this aside to dry.

2. Die cut the top of the cupcake using the Designer Rosettes die and the two strips of Sweet Shop DSP measuring 2 ½” x 12”. Follow directions above to adhere the strips together. Set aside to dry.

3. Take the base of the cupcake, and with the points facing down on your work surface, gently push the top of the accordion fold towards the middle and down toward the work surface forming a rosette. Do this several times to give the paper memory and make it easier to get it into the shape of the base of a cupcake. Punch a 2 ½” circle from Wisteria cardstock. Apply Tombow Liquid Adhesive **liberally** around the outside ¼ edge of the circle. Place the circle, glue side up on your work surface and adhere your Sweet Shop DSP to this base while cupping it in your hands in the shape of a cupcake. The edges of the DSP should come out over the edge of the punched circle, and only the outside edges of the DSP will be touching the circle at this point. Hold this for a few seconds until the glue begins to set up. Once you feel the glue has set up some, carefully flip your cupcake base over and slowly and gently press the middle of your punched circle down so that it makes contact with the rest of the DSP edges. Cup the base in your hands to keep the shape and be careful not to bend the points on the top. Hold this for a few seconds, again, until you feel that the glue has more completely set up. Apply Tombow

Liquid Adhesive to the outside of the cupcake liner and place down into the cupcake base adhering it to the sides and giving it more stability.

4. Go back to the top of the cupcake. Punch 3 – 2 ½” circles from Wisteria cardstock. Glue all three together in a stack. Apply Tombow Liquid Adhesive liberally to the top circle, lay it down on your work surface and create a rosette for the top of the cupcake by pushing the top edge of the accordion folded piece toward the center and down on top of the wisteria circles. Hold this in place until the glue sets. (You can place something on top of the rosette to hold it in place while you work on the remaining pieces).

5. Die cut a Rosette from the Calypso Coral cardstock. Accordion fold both pieces, adhere both strips together, and adhere the ends together to form a loop. Punch 1 ¾” circle from Calypso Coral cardstock, apply a liberal amount of Tombow Liquid Adhesive to the circle, and form a rosette, following the directions above. Set aside to dry.

6. Create a Rosette from the final piece of Sweet Shop Designer Series Paper and the 1 ¼” punched Pool Party cardstock circle. Set aside to dry.

7. Apply Tombow Liquid Adhesive liberally to the underside of the Calypso Coral Rosette and adhere it to the top of the large Sweet Shop Rosette. Apply Tombow Liquid Adhesive liberally to the underside of the small Sweet Shop Rosette and adhere it to the top of the Calypso Coral Rosette. Punch 3 of the small flowers from the Boho Blossoms Punch, adhere Rhinestone Jewels to the center of each flower and adhere to the top of the smallest Rosette using Mini Glue Dots.

8. Stamp “4 You” in Wisteria ink on the Wisteria cardstock measuring 1 ½” x 5/8”. Trim the flag shape on one end, and adhere it into one of the Rosette folds on top of the smallest Rosette using Mini Glue Dots.
